

## Guidelines

- Grant requests range in size but must not exceed \$5,000.
- Funds are only given to organizations whose mission and activities are directly related to protecting and promoting the welfare of children in Lane County.
- Projects that directly impact children or address their immediate needs are generally more successful than requests for professional development, services for parents, etc.
- Please do not exceed the pages below, or recreate this form in your own version, unless absolutely necessary.
- Grant requests may only be submitted once per calendar year. Organizations may apply for funding every 12 months.
- You will be invited to present at a meeting following the receipt of your proposal. Presentation slots are offered at each board meeting. While failing to present does not disqualify your proposal, it is highly encouraged to submit your proposal as far in advance as possible to ensure you're able to present at one of our board meetings. Once submitted, you will receive a link to sign up for one of the presentation slots, if available.
